

Welcome back to Term 4

It has been fantastic to see everyone's smiling faces return. All teachers have commented on how well our students have slipped back into their routine and have been putting in a fantastic effort. Term 4 is going to be a busy term with lots of opportunities for students to get involved.

Dance Group

All students have been offered the opportunity to join a dance group. Miss Carter has started working with these students and we are looking forward to the performance that they will put on at our Presentation Day assembly.

Singing Group

Miss Johnson has started working with our singing group again. They will also be performing at our Presentation Day Assembly.

Swim School

Our annual Swim School Program is going to be held during weeks 5 and 6 of this term. We are very fortunate to have secured a Sporting Schools Grant so that we can offer this amazing opportunity to every student at a heavily discounted rate. For just \$45.00 students will get 10 x 45minute swimming lessons including bus travel to and from the Wallsend swimming pool. If you have not returned permission notes for this please do so as soon as possible.

School Fundraiser

On Monday 28th of October from 6.00 to 7.00pm we are having a McDonalds Fundraiser. If you purchase something from Glendale McDonalds during this time our school will receive 10% of the profits. The information has been posted on our school Facebook page. Please share this link so that we can have as much publicity as possible for the night.

Excursions

Throughout the year our students have been putting in an amazing effort and really have showed that every single one of them is a STAR. They consistently demonstrate being Safe, using good Teamwork, trying their best and Achieving and showing Respect.

To recognise this wonderful achievement we have organised a K-2 excursion and a 3-6 excursion. These excursions will be fun and supplement student learning. The school will be heavily subsidising the cost of these excursions.

Our K-2 students will be going to see a performance of Beauty and the Beast on Ice at the Hunter Ice Skating stadium. Our 3-6 students will be travelling to Sydney to the Field of Mars Environmental Education Centre to participate in a Kids V's Wild challenge day. Both excursions will be lots of fun and more details will be coming out shortly.

Mr Dunn

Miss Johnson's K/1 Class

We are off to a flying start to term 4, we have all quickly settled back in with no fuss and have had a great first week – who can believe that in 9 more weeks we will have kindergarten and year 1 graduates!! I certainly can't!

We are straight back into our busy school routines and I can see that lots of children have continued to read over the holidays. This is showing in their reading groups this week. Thanks to all families for this support. This term we will be looking at some interesting topics such as - what things are made of, the location of places and maps, counting and adding much higher numbers, extending our writing skills, STEAM challenges and generally having loads of fun.

We have a jam packed term with lots of fun learning opportunities, visiting shows, excursions, swim school just to name a few.

At the end of last Term K, 1 and 2 students travelled up to Hunter Valley Zoo. We had a fabulous day. The children were all terrific with Zoo keepers praising our students for being one of the most well behaved schools to visit. What a compliment. The children all had the opportunity to interact, touch and feed many different animals and learn about what they need to survive and how they live in their natural habitat. A fantastic day was had by all. If you're interested and have not yet seen the pictures on our Facebook page, log on and join our school page to take a look at more of our happy snaps.

Miss Lindi Johnson

Miss Carter's 2-6 Class

Welcome back to our last term for 2019. Term 4 is going to be a very fun packed and busy end to the year.

We have started this week by planning and organising some group work activities with both the Junior and Senior classes. This is going to involve a lot of team work, collaboration and patience. We are excited to see the end results of their creations.

We have been starting some math games on a Friday in the Senior class. We have really enjoyed practicing our math skills in a fun and creative way. It has involved working in pairs or groups and learning how to be good team players. We continue to strive for quality work in all aspects of our learning. Term 4 will see us developing our computer skills and incorporating technology into more of our lessons.

We are excited to finish of the year with an action packed term.

Hi,

My name is Michael Leggett, I am a 1st Year Music student at the 'Conservatorium of Music Newcastle' and I am offering Beatboxing lessons to anyone interested in pushing their creative boundaries. I have been beatboxing for 3 years during which I presented a Viva Voce (Titled: Beatboxing - Expressive Techniques) and performed a routine for my HSC, in 2018. I was on the Encore Honour Roll for my Viva Voce and I received full marks for my beatboxing performance.

I am an enthusiastic beatboxer and overall performer with over 12 years of musical experience, having beatboxed locally and internationally. Lessons are open to all ages as I believe music should be taught at as soon as possible to encourage a creative mindset.
